Where?
What is NOAM OLAMI?

* A world-wide network of Masorti/Conservative youth.

* Despite the different formats and names, there is a common purpose: to develop Jewish identity and knowledge among Masorti/Conservative youth.

* We are united by the belief in the basics of the same values.
1. We emphasize the value of living as a community and creating a strong, unit which provides a secure space for each individual member. Each member of the unit is valued: we stress a pluralistic, egalitarian and caring community.

2. We believe in living a Jewish life within a Halachic framework, as laid down by the Masorti Rabbis, which deals with the challenges of the modern world and emphasizes the value of consistent learning and studying Jewish texts, history and culture.

3. We believe in Zionism as a way of life: strong ties between the Jews of the Diaspora and those in Israel, studying the Hebrew language as the living language of the Jewish people, and Aliyah as the ultimate expression of Zionism.

4. We view Tikun Olam as central to our way of life, and believe that we should foster social action and involvement in social projects in order to make our world a better place. Our actions can help to build a society of pluralism, tolerance and inclusiveness, a society of that respects all human beings.
Now comes the question...
